Summary.

Mercedes-AMG.

All of our achievements are represented by the Mercedes-Benz Star, perhaps the most classically beautiful symbol in the world. Gottlieb Daimler drew this star on a postcard, hoping it would cast its blessing upon his work. His sons interpreted its points as symbolising engines used to propel vehicles on ground, water and in the air. Today, all over the world, it symbolises our brand values, and the quality and prestige associated with our products.
